Dear Sir:

Pursuant to the obligations of candor and good faith imposed by 37 C.F.R. § 1.56, the documents listed on the attached PTO-1449 are hereby disclosed.

In accordance with 37 C.F.R. § 1.98(a)(2), a copy of each non-U.S. patent/publication document or other information listed on the enclosed Form PTO-1449 is provided.

The concise explanation of relevance: a method for producing asymmetric phosphine chloride is disclosed. Specifically, the following equation is disclosed: $R'PCl_2 + RMgX \rightarrow R'RPCl + Mg(X)Cl$.

No representation is intended to be made hereby that any of the cited references establishes, by itself or in combination with other information, a prima facie case of unpatentability of any claim of the present case.

Respectfully submitted,

Toshiaki Murai et al.

By their Attorney,

David M. Crompton

Dear Sir:

This certification is being made for the Information Disclosure Statement accompanying this certification.

CERTIFICATION

I, the person signing below, certify that each item of the information contained in the Information Disclosure Statement submitted herewith was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the statement (37 C.F.R. § 1.97(e)(1)).

Appl. No. 10/785,517
Cert. for IDS dated December 22, 2005

The person making this certification is a person who is the attorney who signs below on the basis of the information in the attorney's file.

Respectfully submitted,

Toshiaki Murai et al.

By their Attorney,
